Index to Volume 13

This index covers the issues for 2000, as follows: January–March, pages 1–76; April–June, pages 77–192; July–September, pages 193–258; and October–December, pages 259–322.

Subjects

A

Active motion, immediate controlled, after extensor tendon repair (proc. abstract), 70
Adaptive equipment. *See* Assistive device(s).
Analysis of variance (ANOVA), appropriate use of (Research for Clinician), 56
Archimedes spiral, in evaluation of tremor, 276
Art, Hand in (M. A. Pirela Cruz), 11A
Arthritis, osteo- and traumatic,
  community resources and assistive devices for, 184
  exercise for patient with, 175
  of cervical spine, 163
  of elbow, 136
  of fingers, 108
  of hand, 79
  of shoulder, 148
  of thumb basal joint complex, 91
  of upper quadrant (editorial), 77
  of wrist, 124
ASHT,
  14th Nathalie Barr Lecture (Judy C. Colditz), 12
  1998 Invitational Lecture (John W. Madden), 19
  1999 Invitational Lecture (Erik A. Rosenthal), 6
  1999 Presidential Address (Karen Stewart Pettengill), 2
Assistive devices, for arthritis, 184

B

Brand PW, Hollister AM, *Clinical Mechanics of the Hand,* 3rd ed. (book review), 247
Bruser P, Gilbert A (eds), *Finger Bone and Joint Injuries* (book review), 246

C

Cameron MH, *Physical Agents in Rehabilitation: From Research to Practice* (book review), 245
Carpometacarpal joint(s),
  first, analysis of splinting, 218; (proc. abstract), 68
  thumb,
    immobilization splint for, 228
    immobilization splint for (proc. abstract), 68
    "strap splint" for (Practice Forum), 236
Casting motion, to mobilize stiffness (proc. abstract), 72
Coefficient of variation, to detect sincerity of effort, 25
Community resources, for patients with arthritis, 184
Complex regional pain syndrome, and reflex sympathetic dystrophy, diagnosis of, 260
Contracture(s),
  Dupuytren, with PIP joint involvement (lit. abstract), 66
  proximal interphalangeal joint flexion, Lycra finger sleeves for treatment of (Practice Forum), 52
Cooperative effort, in hand therapy (ASHT Presidential Address), 2
Cramp(s), occupational hand. *See* Focal hand dystonia.

D

Dexter hand evaluation and therapy system, validity,
  in hand-injured patients, 37
  of Jamar attachment in normal subjects, 46
Dominance, hand. *See* Hand dominance.
Dupuytren contracture(s), and proximal interphalangeal joint (lit. abstract), 66
Dynamometer(s), Jamar,
  vs. Dexter dynamometer, 37, 46
  rapid exchange grip test with,
    administration of, 195
    validity of, 203

E

Effort, sincerity of. *See* Sincerity of effort.
Elbow,
  flexion of, splinting for (Practice Forum), 237
  osteoarthritis and traumatic arthritis of, 136
  grip strength and position of , 33
Essential tremor, temperature and hand function in, 276
Exercise, in osteoarthritis and traumatic arthritis, 175
Extensor forearm, mobilization of (proc. abstract), 69
Extensor tendon repair(s), immediate controlled active motion after (proc. abstract), 70

F

Falkenstein N, Weiss-Lessard S, *Hand Rehabilitation: A Quick Reference Guide and Review* (book review), 61
Farm-related injuries, of upper extremity (lit. abstract), 65
Fibonacci numbers, and golden proportion (ASHT Invitational Lecture), 6

Finger(s), osteoarthritis of, 108
Fingernail(s),
anatomy and physiology of, 269
length of, and hand performance, 211
Finger sleeves, Lycra, for PIP flexion contractures (Practice Forum), 52
Flexibility, extensor forearm mobilization to improve (proc. abstract), 69
Flexion contracture(s), PIP, Lycra finger sleeves for treatment of (Practice Forum), 52
Flutist(s), with focal hand dystonia, somatosensory findings in, 302
Focal hand dystonia,
sensory training for, 289
somatosensory findings in flutist with, 302
Frozen shoulder, hydroplasty for (proc. abstract), 70

G

Golden proportion, Fibonacci numbers and (ASHT Invitational Lecture), 6
Goniometer(s), manual vs. Dexter, 37
Grip strength,
elbow position and, 33
extensor forearm, mobilization to improve (proc. abstract), 69
manual vs. Dexter tools for measuring,
in hand-injured patients, 37
in normal subjects, 46
variability measures to detect sincerity of effort in, 25
Grip test, rapid exchange,
administration of, 195
validity of, 203
Grip testing (editorial), 1. *See also* Grip strength.

H

Hand, golden proportion of (ASHT Invitational Lecture), 6
Hand dominance, means of determining (proc. abstract), 71
Hand function,
fingernail length and, 211
temperature and, in patients with tremor, 276; (proc. abstract), 71
Hand infection(s), mimickers of (lit. abstract), 64
Hand therapist(s), multiple roles of (ASHT Presidential Address), 2
Hand therapy,
cooperative effort in (ASHT Presidential Address), 2
history of (ASHT Invitational Lecture), 19
intuition in practice of (14th Nathalie Barr Lecture), 12
Henderson A, Pehoski C, *Hand Function in the Child: Foundations for Remediation* (book review), 245
Hydroplasty, for frozen shoulder, 70

I

Immobilization, of carpometacarpal joint, splint for, 228; (proc. abstract), 68
Infection(s), of hand, mimickers of (lit. abstract), 64
Injury(ies), of upper extremity, farm-related (lit. abstract), 65
Intuition, in hand therapy practice (14th Nathalie Barr Lecture), 12

J

Jamar dynamometer,
compared with Dexter dynamometer, 37, 46
rapid exchange grip test with,
administration of, 195
validity of, 203
Jebson test of hand function, in tremor evaluation, 276
Joint(s),
carpometacarpal,
first, analysis of splinting, 218; (proc. abstract), 68
thumb, immobilization splint for, 228; (proc. abstract), 68
proximal interphalangeal,
flexion contracture of, treatment with Lycra finger sleeves (Practice Forum), 52
in Dupuytren disease (lit. abstract), 66

K

Kasdan ML (ed), *Occupational Hand and Upper Extremity Injuries and Diseases,* 2nd ed (book review), 63

L

Lycra finger sleeve(s), for treatment of PIP joint flexion contracture(s) (Practice Forum), 52

M

McKee P, Morgan L, *Orthotics in Rehabilitation: Splinting the Hand and Body* (book review), 62
Mentoring (editorial), 259
Mobilization, of extensor forearm (proc. abstract), 69
Mobilization splint, new, for stiffness (proc. abstract), 72

N

Nail(s), of fingers,
anatomy and physiology of, 269
length of, and hand performance, 211

O

Occupational hand cramp(s). *See* Focal hand dystonia.
Osteoarthritis(itides),
carpometacarpal, analysis of splinting for, 218; (proc. abstract), 68
and traumatic arthritis,
of cervical spine, 163
community resources and assistive devices for, 184
of elbow, 136
exercise for patient with, 175
of fingers, 108
of hand, 79
of shoulder, 148

Osteoarthritis, and traumatic arthritis, *continued*
of thumb basal joint complex, 91
of upper quadrant (editorial), 77
of wrist, 124

P

Pain, chronic hand, diagnosis of, 260
Parkinson disease, unified rating scale for, 276
Parkinsonian tremor, hand function and temperature in patients with, 276
Perionychium, anatomy and physiology of, 269
Petty NJ, Moore AP, *Neuromusculoskeletal Examination and Assessment: A Handbook for Therapists* (book review), 56
Pinch strength, manual vs. computer tools for measuring, 37
Pliability, of scar and skin, measures for (proc. abstract), 72
Proportion, golden, Fibonacci numbers and (ASHT Invitational Lecture), 6
Proximal interphalangeal joint(s),
flexion contracture of, Lycra finger sleeves for (Practice Forum), 52
in Dupuytren disease (lit. abstract), 66

R

Range of motion, manual vs. computer tools for measuring, 37
Rapid exchange grip test,
administration of, 195
validity of, 203
Reflex sympathetic dystrophy, diagnosis of, 260
Repetitive stress injury(ies), and focal hand dystonia, 289, 302
Research,
clinical, how to perform (Research for Clinician), 241
evaluation of, using analysis of variance (Research for Clinician), 56
Roles, multiple, of hand therapists (ASHT Presidential Address), 2

S

Scar, pliability measures for (proc. abstract), 72
Sensory discrimination retraining, for focal hand dystonia, 289
Shoulder,
frozen, hydroplasty for (proc. abstract), 70
osteoarthritis and traumatic arthritis of, 148
Sincerity of effort, detecting,
rapid exchange grip test for, 195, 203
variability measures for, 25
Slide presentations (editorial), 193
Somatosensory organization, of hand, in focal hand dystonia, 307
Spine, degenerative cervical, 163
Splint(s),
for elbow flexion (Practice Forum), 237
for first CMC joint, analysis of, 218; (proc. abstract), 68
mobilization, for stiffness (proc. abstract), 72
short and long opponens, for first CMC joint, 218
static progressive,
"HMO" design for (Practice Forum), 312
for interphalangeal flexion (Practice Forum), 310
for wrist motion (Practice Forum), 313
thumb CMC immobilization, design of, 228; (proc. abstract), 68
turnbuckle, alternative to (Practice Forum), 237
Splinting,
clinical successes in, 236
static progressive (Practice Forum), 310, 312, 313
Statistical test(s), understanding analysis of variance (Research for Clinician), 56
Stiffness, mobilization splint for (proc. abstract), 72
Sympathetically maintained pain, and reflex sympathetic dystrophy, diagnosis of, 260

T

Temperature, and hand function in tremor, 276; (proc. abstract), 71
Thumb,
arthritis, in basal joint complex of, 91
carpometacarpal immobilization splint for, 228; (proc. abstract), 68
Trapeziometacarpal joint. *See* Carpometacarpal joint.
Tremor, temperature and hand function in, 276; (proc. abstract), 71

U

Unified Parkinson disease rating scale, 276
Upper quadrant, osteoarthritis and traumatic arthritis of (editorial), 77

W

Waterloo handedness questionnaire, for determining hand dominance (proc. abstract), 71
Web site, ***Journal of Hand Therapy*** (editorial), 193
Wrist, traumatic arthritis and osteoarthritis of, 124
